

## Quality Actions for Quality Clients

Enid, OK - Oklahoma City, OK - Stillwater, OK (coming soon!)

**Now Hiring!**

## Internship

In 2022, we are celebrating 30 years of exceptional service to our clients, our talented team members, and their families. Our outstanding growth has been a direct result of the commitment of our team members to our Mission of Quality Actions for Quality Clients.

Our workplace culture is a rewarding and refreshing combination of opportunities for empowerment, career advancement. Our current President is one of the owners, a Professional Engineer (PE), is highly trusted by team members and clients, and has worked for Envirotech since graduation from college. You will be working directly with Project Managers.

If the following sounds like you, you will thrive in this role:

- We are seeking full-time (40-hours weekly) summer intern for either civil engineer, construction management, environmental scientist, agriculture engineer, soil scientist, and geologist. The internship provides a wide variety of projects that several different majors could benefit from.
- This position is to provide real-life experience in the areas of interest you choose.
- If you're seeking an opportunity for professional growth, consider joining a successful and growing firm where your progression is based more on your accomplishments, your hunger, and your desire to succeed.
- We are driven by inspiring the right people to be part of our future-focused business objectives. We are looking for dedicated and hard-working individuals to join our team. Our pace is fast, and the work is challenging, but the opportunities are here for long term employment and growth, both professionally and personally.
- The selected candidate will become part of a team. You will actively support Envirotech's commitment to safety and its Core Values.
- Envirotech makes an investment in your development and training. You will receive company-paid training to receive certifications for the following:
  - Troxler Nuclear Gauge Safety Certification. This certifies you to safely operate and care for the portable nuclear gauge equipment.
  - Troxler Hazmat Certification. This will certify you as proficient in safety fundamentals and principles of hazardous materials transportation.

Primary responsibilities of this position will include responsibilities that will engage in the day-to-day life of each of our departments:

- Proficient computer skills including emailing, record keeping, spreadsheets, forms, graphics, etc.
- Familiarity with Auto CAD Drafting.
- Organizational skills, ability to prioritize, and the ability to multi-task.
- Obtains representative samples of material for testing.
- Performs basic soils and aggregate testing (ASTM D2487, C136, D698).
- Must be able to repeatedly lift/push/pull 50 pounds.

- Technical writing of reports and permits.
- Must be able to work outside in all weather conditions.
- Must maintain a valid Oklahoma Driver's license and clean driving record.

Talent is the essence of meeting our client's objectives, goals, and challenges. If this sounds like a fit for you, we would love to have that first discussion about you joining our team.

Envirotech strives to provide unparalleled services to our clients. Our guiding philosophy – Quality Actions for Quality Clients – remains constant.

More reasons to join our team:

- A working environment full of dedicated coworkers, and a team of organizational leaders focused on ensuring you have the tools necessary to succeed!
- Envirotech is EEOC compliant and certainly encourages America's military veterans to apply.
- Opportunities for advancement and development.
- Family-owned atmosphere.
- Variety of interesting assignments, projects, and work locations.
- Meal allowance paid when working out of town.
